

Thank you for your registration with PORi - www.oncologyrehab.info for the 3 ½ day assessment based certificate course: PORi Core: Chemotoxicity and Cancer Exercise Management (Physiological and Body Systems Approach for the Management of Oncology Patients).

This course will be instructed by Frances Westlake, PT, DPT, NCS.

When booking flights that leave DIA on the final day, please ensure your flight leaves late enough to allow you to complete the practical exam and travel to DIA ahead of your flight.

Course Information:

Registration and course sign in begins at 7:45am on Thursday, February 21, 2019

If you have any **special needs** (e.g. people with visual impairments, people with hearing loss, people with learning disabilities, people with dietary restrictions, etc.), please let us know by email to pori@oncologyrehab.info at least 7 days ahead of your course.

Course Instruction

- 8:00 AM to 5:30 PM on February 21, 2019
- 8:00 AM to 5:30 PM on February 22, 2019
- 8:00 AM to 5:30 PM on February 23, 2019

Course Instruction, Practical & Written Exam

- 8:00 AM to 1:30 PM on February 24, 2019

Course Location:

- Thursday through Friday – [Hampton Inn & Suites Denver, 5001 S Ulster St, Denver, CO 80237](#)
- Saturday & Sunday – Suite 103 at [7180 E. Orchard Rd, Centennial, CO 80111](#)

- Don't worry about getting to the clinic venue on the Saturday and Sunday, there are usually other participants with vehicles or we can pick you up for the sessions at the clinic from the hotel course venue at the Hampton Inn.

<http://eatdrinkdenver.com/guide/LoHi-Restaurants?gid=18>
- Cherry Creek is also a good area for restaurants
(<http://eatdrinkdenver.com/guide/Cherry-Creek-Restaurants?gid=52>)

Snacks, Tea & Coffee will be provided daily.

Release of Liability:

All course attendees will be required to sign a release of liability ahead of the course – an email via DocuSign will be sent out prior to the course commencement. This statement ensures that a professional acknowledges that the course may provide treatment programs, lecture and medical concepts and may involve hands on training. The professional also acknowledges that as a healthcare professional they are responsible for their actions in the treatment of patients and the use of the material presented in the lab and lecture as well as their conduct and activities during this course.
